

Aachen – Germany | Old imperial city in the heart of Europe

# International Conference of Trace Elements and Minerals

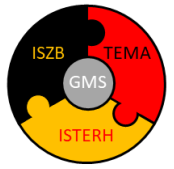

**Joint Meeting of 36th GMS, 7th ISZB,  
TEMA17 and 13<sup>th</sup> ISTERH**

**June 5 – 10 2022**

More information will follow

[www.ictem.de](http://www.ictem.de)

Dear Colleague,

It is with great pleasure that we announce the **first International Conference of Trace Elements and Minerals (ICTEM) from June 5 – 10 2022**. This conference will also be the first joint meeting of four important societies for trace element research:

GMS (German Society for Minerals and Trace Elements)

TEMA (Trace Elements in Men and Animals)

ISZB (International Society for Zinc Biology)

ISTERH (International Society for Trace Element Research in Humans)

After the long interruption in on-site meetings we expect a high number of participants. All four societies unite experts from the field of trace element and mineral research and have a long history of innovative science as well as key publications in the field. Their international symposia and conferences have been very successful in the past and we strongly believe that this joint meeting will be a great opportunity to exchange the latest research as well as the newest techniques. **We would now like to draw your attention to the ICTEM conference and the opportunity to reach a highly interesting target audience for your products, comprising chemists, biomedical scientists, veterinarians, pharmacists, nutritionists, and medical clinicians.**

The meeting will take place at the renowned RWTH Aachen University Hospital which is known for state-of-the art science. In addition, the historical city center of Aachen will attract participants from all around the globe. Together this provides the perfect place to dive into trace element and mineral research, discuss the latest scientific milestones, and form new collaborations.

During the meeting we will offer a highly interesting and versatile program. Key note lectures from high ranking experts of the field will be accompanied by talks of invited speakers, oral presentations selected from submitted abstracts, workshops, poster sessions, young scientist symposia, and networking events. **To allow your company to optimally participate in ICTEM, we have decided to allocate space for the industry exhibition in the central room directly next to the lecture halls** where coffee breaks take place (first come, first served basis). **Furthermore, we offer different sponsorship options** to give your company the best opportunity to benefit from our meeting.

We look forward to hearing from you and to hosting you in Aachen next year!

Yours sincerely,

Prof. Lothar Rink on behalf of the organizing committee

## ICTEM at a glance:

A preliminary program can be downloaded at [www.ictem.de](http://www.ictem.de). The information about the congress including the names and logos of the supporting companies will be updated on a regular basis.

Please find below an overview of the sponsoring options. **All prices indicated are net;** the tax liability lies with the benefit of the recipient. Since all three societies are charities, **a tax-free donation** to one of the societies for the congress is also possible (see below). A donation receipt will be handed to you by the society. The levels of sponsoring are equivalent in € and US\$ depending on the head office of the company or the branch which will transfer the money.

### Following are the four sponsorship options (subjected to availability):

1. A tax-free donation to one of the societies for the congress. A donation receipt will be handed to you by the society.
2. A sales booth at the industry exhibition (Price depends on booth size: 500 € per lineal meter; included in Platinum and Gold).
3. Sponsoring of a specific symposium and covering the costs of the speakers.
4. Donation of materials for the congress.

Sponsorship levels will be determined by your total investment in the congress and sponsors will be acknowledged as follows:

<b>PLATINUM SPONSOR</b>	<b>starting from €/\$ 10.000,-</b>
<b>GOLD SPONSOR</b>	<b>starting from €/\$ 5.000,-</b>
<b>SILVER SPONSOR</b>	<b>starting from €/\$ 2.000,-</b>
<b>BRONZE SPONSOR</b>	<b>€/\$ 500 - €/\$ 2.000,-</b>

The below listed complimentary benefits have been designed to offer your company the highest possible recognition throughout the congress. A participation as Platinum, Gold, Silver or Bronze sponsor will entitle your company to the following benefits:
