## Inaugural Symposium

### Scientific Center for Neuropathic Pain Aachen

**2<sup>nd</sup> - 3<sup>rd</sup> of September 2025**

Roermonder Str. 110,  
52072 Aachen

Dear colleagues and guests,

We warmly welcome you to the inaugural symposium of the Scientific Center for Neuropathic Pain Aachen SCN<sup>AACHEN</sup>. This event marks a significant milestone for our center, bringing together researchers and clinicians from a wide range of disciplines united by a shared commitment to understanding and treating neuropathic pain. With international speakers and internal contributors, the symposium reflects the collaborative spirit at the heart of SCN<sup>AACHEN</sup>. The symposium offers a rich program: scientific talks on September 2nd and hands-on lab tours on September 3rd, providing insights into our diverse expertise and collaborative spirit.

Our mission is to foster integration between basic and clinical science, and to promote translational approaches that can bridge the gap between laboratory discoveries and patient-centered care. The program reflects the breadth and depth of expertise within our center—from molecular mechanisms and innovative model systems to advanced diagnostics and therapeutic interventions.

We hope this symposium will not only highlight the research being conducted in Aachen but also inspire new ideas, fruitful discussions, and lasting collaborations. Thank you for joining us and helping to shape the future of translational pain research.

Thank you for being part of this occasion. We look forward to an inspiring and productive exchange.

With best regards,

**Prof. Dr. Angelika Lampert**  
Speaker

**Prof. Dr. Ralf Hausmann**  
Vice-Speaker

## Keynote Speakers

**Susanne Becker (Germany)**

Intersections of pain and reward:  
modulation of perception, behavior  
and the role of uncertainty

**Manuela Schmidt (Austria)**

Pain Proteomics for mechanistic  
insights across species: from  
microbiota to humans

## Program

### Tuesday, 2<sup>nd</sup> of September

- Oral presentations from SCN<sup>AACHEN</sup>
- Posters and discussions

### Wednesday, 3<sup>rd</sup> of September

- Tours of SCN<sup>AACHEN</sup> labs and clinics

## Organizing committee

- Angelika Lampert
- Ralf Hausmann
- Jenny Tigerholm
- Robin Bekrater-Bodmann
- Stanislav Koulchitsky
- Ramona Hohnen
- Pascal Röder
- Annette Löffler
